

Join Our Team as a Technical Project Manager!

Are you a dynamic go-getter with a passion for Entertainment Technology delivery projects? We're on the lookout for a proactive individual to join our stellar Projects Team!

What You'll Be Doing:

As a Technical Project Manager, you'll be the driving force behind the management and delivery of cutting-edge projects, focusing on permanent installations. From inception to completion, you'll be responsible for ensuring projects are executed seamlessly.

What We Value:

- Adherence to our company culture and core values
- Focus on client satisfaction
- Effective health, safety, environmental and quality control measures
- Strong commercial and compliance management
- Mastery of delivering complex technical systems

Location:

Ideally situated in Scotland or Northern England, or ready to make the move. This field-based role involves travel for both pre- and post-sales project management activities.

Your Role in a Nutshell:

Collaborate with our Projects Business Development Managers, lead multiple projects, uphold company values, and deliver exceptional results. Showcase your time management skills and be a key player in crafting solutions that meet both client and Company objectives.

Why Join Us:

Be part of a fantastic team, bring your unique talents on board, and make a significant impact. If you're ready to take the next step in your career, dust off that CV and get in touch!

How to Apply:

Send your CV and a brief note about why you're the perfect fit to join our dynamic Projects Team to hello@stage-electrics.co.uk. Let's create something extraordinary together!
